

CALIFORNIA

Big Bear Mountain - This place is ultimate California - sun, snow, clear blue skies plus Disneyland, Hollywood, Santa Monica Beach... what else can we say?

The resort of Big Bear is located high in the San Bernadino Mountains on the edge of the famous Mojave Desert in California. Just two hours from LA Airport and close to Universal Studios, Hollywood, and Venice Beach (all are included in the package). Big Bear offers the ultimate Californian experience. Hotels, shops, skiing, evening activities and hospital are within a 10 mile radius of the lake and town making control and supervision very easy and convenient for Party Leaders. The skiing takes places on two mountains connected by a short shuttle, both are close to the hotel accommodation and offer spectacular views of Big Bear Lake while enjoying really good skiing under the blue sky and warm California sun. With 23 lifts (all have safety bars), 55 runs and a top station altitude of 2500 metres it is a perfect resort for school groups. The nearby lake supports a huge snowmaking capacity to ensure good conditions throughout the season.
