

 **ALP 2500**

Cruise this huge skiing area in the majestic Spanish Pyrenees

This resort can be equated to a "mini America" in Europe! Alp 2500 is made up of the two resorts of Masella and La Molina and huge investment means that this now has all the typical US style state of the art snowmaking and lifts on most runs. The pistes lead to a large base area with full amenities, lots of high speed chairs with only a few drag lifts and excellent nursery slopes. Tree lined transition slopes lead to a sunny plateau in an area of outstanding natural beauty. Ski in the Mediterranean sun and enjoy the uniquely Spanish flavour of this terrific unspoilt resort.
