

# — SÖLL / SCHEFFAU

## Massive skiing in this major inter linked ski area

Söll and Scheffau are neighbouring villages In the Ski Welt region of Austria - the largest single ski area in the country.

The Ski Welt or 'Ski World' ski circus covers over 250kms of well groomed piste serviced by 92 lifts and is made up of 9 interconnecting villages. This area, especially Söll, has been used to welcoming British skiers for many years and the instructors are therefore excellent in delivering lessons in English - a bonus for any school group.

A high speed gondola in Söll, provides the gateway to the ski area, whilst Scheffau village nestles at the base of the majestic Wilder Kaiser Mountain. Both ski areas are situated approximately 20 minutes drive from the charming medieval town of Kufstein where the hotels are located. An ideal choice of resort for schools, catering for every level of your students' ability. Something for everyone!
