

# ST JOHANN

## Beautiful Tyrol and Two Ski Areas!

There is over 140 kms of extensive intermediate skiing to be enjoyed at Fieberbrunn in St Johann and the high Steinplatte at Waidring.

Both areas are known for their great snow record due to the north facing slopes – conditions that are not always enjoyed by their famous neighbour Kitzbuhel! The accommodation we have chosen is in the village of Kössen, nestled close to the Wilder Kaiser mountains and just 15 minutes drive from either of the ski resorts detailed above. If you have a more beginner orientated group, then Kössen itself has plenty of gentle nursery slopes and wide open runs which are the perfect learning environment. All of these resorts are included on the one 'Schneewinkel' multi area ski pass.
